

APPENDIX C

3X SCRAP INVENTORY SHEETS

Fort McClellan 3X Scrap inventory Sheet**Box # T38-001**

The items listed below were excavated from area T38.

These items were visually certified to be free of hazardous fillers.

These items certified to be 3X scrap by monitoring with minicams/hot box procedures.

70 Deg Attained: 0730 19 August 2004

Tested: 1335 19 August 2004

Net weight: 288 pounds

Gross weight: 358 pounds

Intact munitions were cut in half (demilitarized) and visually certified to be empty/inert.

Item	Weight	Anomaly	Description	Demilitarization	DD1348-1A #
1	288	13	Non OE scrap metal	Not applicable	T38-001
NO FURTHER ENTRIES			/	NO FURTHER ENTRIES	

Fort McClellan 3X Scrap inventory Sheet**Box # T38-002**

The items listed below were excavated from area T38.

These items were visually certified to be free of hazardous fillers.

These items certified to be 3X scrap by monitoring with minicams/hot box procedures.

70 Deg Attained: 0730 19 August 2004

Tested: 1410 19 August 2004

Net weight: 266 pounds

Gross weight: 336 pounds

Intact munitions were cut in half (demilitarized) and visually certified to be empty/inert.

Item	Weight	Anomaly	Description	Demilitarization	DD1348-1A #
1	266	13	Non OE scrap metal	Not applicable	T38-002
NO FURTHER ENTRIES			/	NO FURTHER ENTRIES	

Fort McClellan 3X Scrap inventory Sheet**Box # T38-003**

The items listed below were excavated from area T38.

These items were visually certified to be free of hazardous fillers.

These items certified to be 3X scrap by monitoring with minicams/hot box procedures.

70 Deg Attained: 0630 24 August 2004

Tested: 1240 24 August 2004

Net weight: 284 pounds

Gross weight: 354 pounds

Intact munitions were cut in half (demilitarized) and visually certified to be empty/inert.

Item	Weight	Anomaly	Description	Demilitarization	DD1348-1A #
1	142	12	Non OE scrap metal	Not applicable	T38-003
2	142	13	Non OE scrap metal	Not applicable	T38-003
NO FURTHER ENTRIES			/	NO FURTHER ENTRIES	

Fort McClellan 3X Scrap inventory Sheet**Box # T38-004**

The items listed below were excavated from area T38.

These items were visually certified to be free of hazardous fillers.

These items certified to be 3X scrap by monitoring with minicams/hot box procedures.

70 Deg Attained: 1045 22 September 2004

Tested: 1445 22 September 2004

Net weight: 300 pounds

Gross weight: 370 pounds

Intact munitions were cut in half (demilitarized) and visually certified to be empty/inert.

Item	Weight	Anomaly	Description	Demilitarization	DD1348-1A #
1	300	12	Non OE scrap metal	Not applicable	T38-004
NO FURTHER ENTRIES			/	NO FURTHER ENTRIES	

Fort McClellan 3X Scrap inventory Sheet**Box # T38-005**

The items listed below were excavated from area T38.

These items were visually certified to be free of hazardous fillers.

These items certified to be 3X scrap by monitoring with minicams/hot box procedures.

70 Deg Attained: 1215 22 September 2004

Tested: 1615 22 September 2004

Net weight: 312 pounds

Gross weight: 382 pounds

Intact munitions were cut in half (demilitarized) and visually certified to be empty/inert.

Item	Weight	Anomaly	Description	Demilitarization	DD1348-1A #
